

We are the best Home Rewire Electricians in the Midlands

How Do Others Compare?

1

Speed & Efficiency:

Who will complete a home rewire in 2 days? Most other electricians take 7-8 days and consist of a single electrician and an apprentice/labourer to assist. We are 2-day home rewire specialists.

Other Electricians

BIRMINGHAM electricians

2

Professionalism & Expertise:

Who has a full-time professional home rewire team? Our 5-man full-time professional home rewire team complete far more home rewires every year than any other company.

Who are proud & verified members of NICEIC? Our yearly inspections ensure ongoing compliance with their exacting standards of excellence.

Who is experienced and City and Guilds qualified? The City and Guilds qualification is testament to an electrician's skills, ensuring high-quality work.

Who is accredited to Part P of the building regulations? Part P accreditation allows us to arrange providing the compulsory Certificate of Compliance with Building Regulations from Building Control.

3

Quality Assurance & Compliance:

Who will Guarantee that their work is carried out to strict quality standards & ensures excellence in compliance with BS7671? All our work is compliant with BS7671.

Who offers a peace of mind warranty? This shows a commitment to customer peace of mind and confidence in their own work.

Who only uses the highest quality fuse boards, cable and accessories? Using top-notch materials ensures durability, safety, and optimal performance.

4

Customer-Centric Approach:

Who does NOT require any deposit or up-front fees? Other companies may require you to pay a deposit or down payment for the materials. We don't.

Who will thoroughly clean up and take away all rubbish? We will respect your property by leaving it as clean as we found it, and disposing of all rubbish.

Who only asks for any payment after the work is complete? Other companies often insist on a payment for materials before starting work. We only ask for one payment after completion when you are completely happy and satisfied with our work.

Who saves you £252 on building inspection fee? We obtain the compulsory Certificate of Compliance at no extra cost. Therefore you make a £252 saving, as the cost of testing, notifying, and certifying the rewire is already included in our quote.

How well did they score?
